WE GET THINGS DONE.

we can do anything™

WE ARE WOMEN UNITED.

WE NEED YOU.

Who does Women United help?

You help primarily individual women and children. Requests that benefit large groups of women and children may also be considered.

How does someone submit a request?

Local community agencies work with the woman and apply on her behalf.

What do the grants do?

When you give to Women United, your contribution provides emergency help in life-altering situations. The women and children you help have exhausted all other sources of funding and might otherwise fall through the cracks. You are likely their last hope.

Who approves Women United requests?

A grant committee of Women United members reviews each application and determines whether our funds can help. In case of larger requests, the steering committee will make a determination.

Is there a limit to the amount that can be requested?

Each applicant can request no more than \$500 and can only receive one Women United grant.

How can I help?

Help us change lives. Simply fill out and return the form below with your payment. Women United memberships are tax deductible and start at \$100, but of course we welcome higher amounts. If you are interested in deeper involvement, please check the contact box on the form and we will be in touch with you soon!

You helped Gayle get back on track to employment by purchasing wrist supports to help her cope with arthritis pain.

You comforted Tristan by helping his mother with medical and travel expenses when he had to be hospitalized out of state.

You gave Amber a safe place to land and recover from rape and physical assault.

YES, I want to change lives with Women United!
